COMPETITION GUIDELINES

- Competition will be a group activity
- A problem statement from Analytics Vidhya platform will be shared by 10.00 am 28.07.2022 in Lark
- Complete the activity and submit in Analytics Vidhya. Take the screenshot of your Analytics Vidhya score.
- One submission from a group will be enough in Analytics Vidhya
- Do the following steps
    - Exploratory Data Analysis
    - Pre-processing
    - Modelling
    - Fine tuning
- Give detailed explanation and insights of each step. Evaluation will be based on the code as well as the explanation.
- All of you should submit the code and screenshot of Analytics Vidhya score in Paatshala
- Keep the file name of your code as Competition_team number. Eg(If you belong to team 5, keep the file name as Competition _Team5).
- Add your code and screenshot of Analytics Vidhya score to a public GitHub repository.
- Submit the GitHub link in Paatshala by 30.07.2022 Saturday 8.30 pm
